Rickie:

Hey Sol. It's Rickie Fower. I hear that you're doing amazing things as a resident physician in New York City. I just want to say thank you for all that you're doing as a care for those stricken with Covid-19.

I know that you put in long hours and have made some sacrifices with your family the last few months. You truly are an everyday hero. Grant Thornton and I would like to invite you out to the PGA Tour event in New York City area any time—hopefully in the next year. We'd love to have you.
